In Order To Ensure Compliance With Checklist Phone Call To Juan Antonio Should Be Made Every Other Day to Review, Add or Subtract ACCOMPLISHED and/or receive updates on items listed below.

IRRESPECTIVE OF HOW MUCH SOMEONE DOES OR DOES NOT LIKE TO DO THE THINGS ON THIS LIST IT IS IMPORTANT IT BE ACCOMPLISHED IN A TIMELY MANNER SO WE CAN MORE COMPLETELY LIVE OUR LIVES. COMMUNICATION WITH BERNARDO MOYA TO COMPLETE ISSUES **MUST, I REPEAT MUST** BE FOLLOWED UP ON. THAT IS HOW ALL THING ARE ACCOMPLISHED. **DO NOT EXPECT SOMEONE TO DO IT, MAKE SURE THEY ARE. FURTHER, DO NOT ACCEPT FIRST ANSWERS, ALWAYS DOUBLE CHECK IF NOT TRIPLE CHECK BY, IF NECESSARY, ACQUIRING ADDITIONAL PROFESSIONALS. LET'S NOT REPEAT MISTAKES MADE (AND PAID DEARLY FOR. I.E. Neidorfs, Palmieri, Alleged Friends, Laurie, Other People In General) BY LEAVING OUR ISSUES SOLELY IN THE HANDS OF OTHERS TO BE ACCOMPLISHED OR FOLLOWED UP ON. WE KNOW WHAT HAPPENS THEN. THESE ARE ALL YOUR ISSUES TOO AS YOUR LIVES WILL IN ALL PROBABILITY BE LONGER THAN MARC'S. IF MARC WERE TO DROP DEAD TOMORROW ALL OF THESES ISSUES WOULD STILL HAVE TO BE ADDRESSED AND THEY DON'T GET COMPLETED BY MAGIC OR THE EXPECTATION THAT SOMEONE ELSE IS ALWAYS DOING THEM. WHERE ARE THE RESULTS?**

1. Boat cushions for bed much thicker.
2. Improve heating/ac and add vent in main salon.
3. Small Washer & Dryer next to master bathroom where there currently is a stack of towels on shelves. Leave room at the bottom for a cat litter box.
4. Boston Whaler Dinghy

5. Additional Fuel & Water Tanks
6. Satellite Telephone working with (used to work with 9600 baud modem) extra connection for modem..
7. Cellular Telephone with additional cards for usage
8. Crew list review
9. Manuals for everything on the ship.
10. Checklist (Daily, weekly, monthly) and a departure/arrival checklist.
11. Appropriate flags for sailing and registration and all other paperwork needed for boat. One of house safes can be placed under Master Bedroom Bed (securely attached).
12. Solar Panels & Wind Generator (with additional battery storage) for extended use of all electrical and electronic equipment on boat.
13. Consider making aft covering that is currently canvas fiberglass to give even more room for solar panels and to lessen wear & tear on boat.
14. Cushion inside aft, starboard & port, pontoons for docking of Boston Whalter.
15. Consider extending Radar Range of Unit and perhaps a backup Loran or other device for navigation.
16. Navigation Computer & Software for global navigation.
17. Backup Charts for Navigation.
18. (Note To Marc) Flat Screen & Keyboard For Office Area.
19. Extend & Secure area for Laser Printer attachable via a 10/100 LAN to Navigation Computer & any other computers on desk. 10/100 ** This should be connected via Ethernet and be a COLOR LASER printer with extra toners and paper for Weather fax, faxes, etc. required for Boat Computer. Best Place for Ethernet Hub and Printer is probably far left portion of desk, secured to desk and resting on shock absorbing material (springs, etc.).
20. Arrival of 3rd Original Portable Computer that was stolen when Fed Ex'd, When will replacement arrive?
21. Arrival of additional portable computer for house sent by Matt via Fed Ex. (The one that was to be ML's that I asked to be sent here.) Will be used as Marc's 3rd computer.
22. Computer chair for office area on boat.
23. House finally finished.
24. Louis Vuitton Luggage sent to be cleaned, repaired & reconditioned and then put back in storage.
25. Dent in Jeep repaired.

26. License plates, Insurance & all other necessary paper work for ownership of Jeep and Mercedes.
27. All Insurances, paperwork, etc. for ownership of house, boat, furnishings, cars, etc.
28. Final Completion Date of Boat for any global cruise.
29. Final completion date of house.
30. Once again, make copy of Marc's key-chain including garage clickers for Chad & Brock of all keys & clickers.
31. Occasional Driver for Marc to go places in mornings (when Chad & Brock are sleeping or unavailable to take him places (a driver).
32. Gate has problems opening and closing. Clear track or other recommendations.
33. Theater Room needs wood flooring to match offices.
34. Brock's Office couch/bed cushions cleaned. Spray to keep cat from pissing there.
35. Safety Box big enough to hold long safe materials in boat. Waterproof and sealed for NO moisture.
36. Show Bernardo various painting & hole coverings that need to be completed. Include lighting that has problems. Include Brock's Office problems with electrical (goes out for no apparent reason on occasion and breaker can't be reset).
37. Heater/AC in Marc's Office is not working properly. Heating does not work well, if at all.
38. Visiting planned for Chad's Brother & Brock's Brother. Secure travel plans. Explanation to them of VERY important issues with respect to travel, seeing us, security coming and going and what to say when coming, when here, when back. This should happen as soon as possible. This should be coordinated with either Matt, (Not sure about Mike Laurie, will leave that for Chad to decide), legal team, etc. Marc can NOT travel so they have to come here.
39. (CHAD ONLY) PGP on machines. Erasable on reading (messages automatically erase upon sending or reading) of messages of rotating Email boxes. PGP on recipient's machines. HIGHEST encryption method used. Chad should make list of Email addresses that can be receive/send such encrypted data and recipient list.
40. Emergency Medical Supplies. Besides ordinary medical supplies both on boat and in house, remember medication makes Marc's blood thin and even small cuts can lead to massive bleeding. The reverse of this is that most other illnesses (colds, etc.) are less likely for him but still needed for Chad & Brock. A very complete and extensive medical kit

- should be installed in both locations. CPR instructions, Black-out instructions and Physicians Desk Reference (Book) and other Medicial Books included.
41. Theater projector has green dot that is on screen at all times. It has been this way since being fixed.
 42. Conference between Chad & Brock to draw up a list of things that would improve everyone's mental, physical and long-term well being. Additional personnel? Strategies? Locations? Individual fixes for each individual (as they will in all probability be different).
 43. All issues are to be gone over with Bernardo & Chad or Brock. Chad & Brock should co-ordinate with each other. COMMUNICATE. Fix it so the Wizards staff can once again be functional and relief from these duties accomplished. Questions, problems, etc. are to be fixed between these two due to Marc's health. Goal is zero stress to Marc. Marc stresses due to medication side effects, help eliminate by pro-active methods. Marc stresses due to medication side effects and other external or internal issues, help eliminate by pro-active methods. 90 days above the green line and repairing is starting. 180 days above green line and long-term sustainable health is LIKELY. **EACH** bad incident requires at least a week of good days to get back to where the bad incident started. Some incidents are not in anyone's control, let's try to eliminate those that are.

Final Note: I used to be very good at helping other people with their problems and issues and making us all money. In a relatively short time, this could be true again. The fat lady has yet to sing.

Juan Antonio Checklist

In Order To Ensure Compliance With Checklist Phone Call To Juan Antonio Should Be Made Every Other Day to Review, Add or Subtract ACCOMPLISHED and/or receive updates on items listed below.

IRRESPECTIVE OF HOW MUCH SOMEONE DOES OR DOES NOT LIKE TO DO THE THINGS ON THIS LIST IT IS IMPORTANT IT BE ACCOMPLISHED IN A TIMELY MANNER SO WE CAN MORE COMPLETELY LIVE OUR LIVES. COMMUNICATION WITH JUAN ANTONIO TO COMPLETE ISSUES **MUST, I REPEAT MUST** BE FOLLOWED UP ON. THAT IS HOW ALL THING ARE ACCOMPLISHED. **DO NOT EXPECT SOMEONE TO DO IT, MAKE SURE THEY ARE. FURTHER, DO NOT ACCEPT FIRST ANSWERS, ALWAYS DOUBLE CHECK IF NOT TRIPLE CHECK BY, IF NECESSARY, ACQUIRING ADDITIONAL PROFESSIONALS. LET'S NOT REPEAT MISTAKES MADE (AND PAID DEARLY FOR. I.E. IF MARC WERE TO DROP DEAD TOMORROW ALL OF THESE ISSUES WOULD STILL HAVE TO BE ADDRESSED AND THEY DON'T GET COMPLETED BY MAGIC OR THE EXPECTATION THAT SOMEONE ELSE IS ALWAYS DOING THEM. WHERE ARE THE RESULTS?**

1. Registration, License plates & ownership of all cars (Jeep & Mercedes) including all insurances & paper work required.
2. Transfer of ownership of all House, Boat, Cars, Furnishings, etc. in Spanish & Gibraltar Companies so that Cebeles owns those companies.
3. Same as above for Champion Holdings (Mortgage Investment) so that Cebeles owns Champion or acquires Champion. Champion should NOT be in the name of either Marc or Chad but owned by Cebeles.
4. Attempt to extract investment in Champion and placed in Cebeles Account for Investment Structure.

5. Investment Structure is to be 70% U.S. Treasury Bills and 30% Banco Atlantico Mutual Fund Investment. This is true of both Cebeles & (other company, forgot name). Quarterly or monthly income from investments to be placed in separate account used for living expenses.
6. Credit Cards for Marc, Chad, Brock.
7. 2nd Passports for Marc, Chad, Brock as soon as possible.
8. Mike Laurie is not to be fired but worked with (at least until Champion Holdings investment is retrieved and put into Cebeles). Mike Laurie and his suggested American Lawyer (Robin Shello, daughter of Jim Shello) are to be paid on a pre-approved monthly basis. The REASON they are hired is to discredit and get dismissed any and all legal or other issues in the U.S. with Marc, Chad, or Brock. This expense is to be minimized but goals (removal of all problems) accomplished. What is cost? Again, pre-approved (by Chad Shackley & Juan Antonio) expenses for these people. KEEP ON TOP OF THIS ISSUE as it is POSSIBLE that they are prolonging process just to be paid more. CONSIDER possibility of hiring a 2nd TEAM to review their work, conduct their own investigation and analysis for U.S. issues.
9. Consistent pro-active actions taken to insure our peace & harmony while living in Spain.
10. Once again, 2nd passport should be one that is A. Easy to travel with and B. With a country that does not bow down and pray to U.S. Government. As was said above, this should be accomplished As Soon As Possible. When? Juan Antonio should work closely with Chad Shackley on these issues to SOLVE them without making more enemies or “created drama” in the U.S.
11. Contingency plans of any type that need to be made in case of worse case scenarios being played out.
12. Planning in case of death of either Marc, Chad or Brock.
13. Monthly income projection for total investments?
14. Monthly & Extraordinary expenses for operation of all of Marc, Chad, Brock living (all expenses, lawyers, Bernardo, taxes, etc.) and an evaluation to make sure that those expenses are less than income so that additional income can be re-invested.
15. Secure, peaceful, ongoing living of Marc, Chad, Brock. Juan Antonio, Bernardo Moya and any other professionals they need to hire to NOT involve them in the assurance of that goal.
16. ANY AND ALL other legal or other issues that Juan Antonio, in conjunction with Chad and/or Brock that need to be addressed, fixed,

- changed. This includes PRO-ACTIVE suggestions from Juan Antonio or other professionals they hire.
17. In the even of Marc's incapacitation, he would like his will changed so that he is not put on continued life support.
 18. Marc would like ANOTHER meeting with Juan Antonio to go over his last secure list (Option X)
 19. All issues are to be gone over with Juan Antonio & Chad or Brock. Chad & Brock should co-ordinate with each other. COMMUNICATE. Fix it so the Wizards staff can once again be functional and relief from these duties accomplished. Questions, problems, etc. are to be fixed between these two due to Marc's health. Goal is zero stress to Marc. Marc stresses due to medication side effects, and other internal and external issues, help eliminate by pro-active methods. 90 days above the green line and repairing is starting. 180 days above green line and long-term sustainable health is LIKELY. **EACH** bad incident requires at least a week of good days to get back to where the bad incident started.
